- \* *I like the ideas to create greater community organization or communication in the form of social events, local representation, information dissemination, etc. And I really like the idea of bike lanes/paths. I would contribute to that happening in anyway I could.*
- \* *YES*
- \* *Yes*
- \* *I don't like to lead if I don't have to. I'd be willing to volunteer for activities though. I also would not mind using my local connections (which are still pretty limited) to get the word out to the larger community. I do a lot of art (among other things) so if you needed something designed I could volunteer those services.*

14. Is there anything else you would like to add for us to consider?

- \* Nothing specific, just to mention that one of the reasons I love living out here is the lack of controlling organizations such as home owners associations. I don't care too much for uniformity or having to ask permission for things like what color I can paint my house. It may make for a more hodge podge, mis-matched neighborhood but that's the way I like it.*
- \* You covered all the important ones . Thank you*
- \* How are we going to control the speed of vehicles on Umtali Road? They drive way too fast as it is right now (dirt) and with the eminent paving that is supposed to be coming it is going to turn it into an even more hazardous road. Please, consider this as a point of safety for our canyon. It is a hazard to all those that live on, drive, ride (bike or horse) or walk. We are loosing our rural country feel.*
- \* Sr. Citizen assistance; Community "free" Library; School bus stop shelter; Fall Jamboree*
- \* Turning the Mail Boxes around so people aren't getting there mail in the street in there cars or on foot, It would be safer for the Mailman also, And It would make it easier to Identify thieves breaking into the mail boxes if the boxes aren't between them & us as a barrier and being able to access them with a passenger Right on the Road its a quick getaway, just a thought & while i'm gabbing I do have access to a petting zoo they dont bring in much money but they do bring in family's , also if someone has a sleigh i know of a santa and one or two reindeer's for Christmas card Pictures.just a thought.*

- \* *I DO NOT want a home owners association or a bunch of crap rules to abide by. I like my freedom. Having said that I would not mind activities that helped foster our community. We have a lot of great people out here.*
- \* *If you really need any or all of these items in your life, maybe you should have moved to BVS. KEEP SAND CANYON NATURAL.*
- \* *Managing the traffic speed on Umtali Road and Sand Canyon Road.*
- \* *We need an ACTUAL fire Dept. so our Ins. can be within normal range like other outlining communities of Tehachapi.*
- \* *widening San Canyon so it has more of a shoulder for safety*
- \* *no*
- \* *Yes to be clear on #9, a resident or permanently manned Fire & Sheriffs Station / building for Sand Canyon / Quail Valley residents.*
- \* *How about Cal Trans scrapping our roads BEFORE someone is hurt after a snow storm. It seems were the last on the list for services. How about fire hydrants? Or a Kern County Fire Dept? Do we NOT have enough people ?*
- \* *No*
- \* *Beware of Golden Hills and Mtn Meadows type problems*
